

Rajmohan Hazowary

Computer Science Student | Machine Learning and Web Development

rjmhhzry77@gmail.com | Goalpara, Assam, India

<https://github.com/USER-00001-IND>

PROFILE

Computer Science student pursuing B.Sc with interests in machine learning, web development, and technology research. Passionate about learning new technologies, improving communication skills, and applying technical knowledge to real world problems.

EDUCATION

Bachelor of Science, Computer Science Pandit Deendayal Upadhyaya Adarsha Mahavidyalaya, Amjonga	2024 to 2027 Pursuing
Higher Secondary Pandit Deendayal Upadhyaya Adarsha Mahavidyalaya, Amjonga	2021 to 2024 Completed

TECHNICAL SKILLS

Programming:	Python, JavaScript
Frontend:	React, HTML, CSS, Tailwind CSS
Backend:	Node.js, Express.js, MongoDB
Machine Learning:	Pandas, NumPy, Scikit-learn, TensorFlow/Keras
Tools:	Git, GitHub, VS Code

PROJECTS

Artificial Neural Network ANN Project ANN based machine learning project focused on identification of Assamese numbers using neural network models. Included data preparation, model training, prediction, and analysis. Tech: Python, TensorFlow/Keras, Machine Learning, Neural Networks GitHub: https://github.com/USER-00001-IND/Assamese-Number-recognition-.git	ML Research
Employee Salary Prediction ML Project Machine learning regression project that predicts average salary for data related job roles using cleaned and preprocessed real world data. Used Linear Regression, Decision Tree, and Random Forest. Tech: Python, Pandas, NumPy, Scikit-learn, Machine Learning GitHub: https://github.com/USER-00001-IND/Employee-Salary-prediction-.git	Model Complete
College Exam System Secure MERN based online examination system for college use. Includes student, faculty, and admin workflows, exam creation, submissions, evaluation, proctor snapshots, audit logging, OTP auth, login Tech: MongoDB, Express.js, React, Node.js, JWT, Tailwind CSS GitHub: https://github.com/USER-00001-IND/CollegeExamSystem.git	Full Stack
Coursework Web Project Web project created using HTML, CSS, and JavaScript for Department of Computer Science coursework. Tech: HTML, CSS, JavaScript	Coursework

INTERESTS

- Programming, Machine Learning, Web Development, AI Research, Travel, Gaming
